What are your thoughts about aliens? Are they real - are they fake - is there a government cover-up? It may surprise my readers to learn that the Holy Bible gives mankind ancient wisdom to understand all of the modern UFO sightings as well as alien encounters of every kind, and alien *abductions*.

What are aliens? Extra-terrestrials, or Inter-Dimensionals? Are you aware that "aliens" cannot continue an abduction if its victim cries out for help *in the name of Jesus*? Why is the alien subject to the Lord Jesus Christ? We will explore this and more in my Open Letter to the coauthors of *The Alien Abduction Files*. Originally I intended to send this letter by email to the authors only, but have since decided that it may be useful for all of my readers.

My original motivation for writing this open letter - nearly 50 pages in length - is due to great compassion for the authors, especially Denise Stoner who was herself an alien abductee. And even more sad than her abduction claim was her attitude towards her captors. I would suggest Mrs. Stoner betrayed characteristics of what is commonly know as "Stockholm Syndrome". ([Stockholm syndrome](#), or capture-bonding, is a psychological phenomenon in which hostages express empathy and sympathy and have positive feelings toward their captors, sometimes to the point of defending and identifying with the captors.)

Regardless of your current position on aliens, UFOs or the alien abduction phenomenon, I pray each reader will consider, and be open-minded to learn more about this topic, of which millions of people around the world claim to have experiential knowledge:
